Appana Naga Chaitanya

Diploma in Computer Engineering (CME) student · Software & Backend Development

Kakinada, India | nagachaitanyaappana@gmail.com | +91 8790440684 | github.com/nagachaitanyaappana

PROFILE

Diploma in Computer Engineering student interested in software development, backend engineering, databases, Linux, and building practical applications. Currently undertaking industrial training at the National Informatics Centre (NIC), Kakinada.

EDUCATION

Diploma in Computer Engineering (CME) C23 Curriculum · 2024–2027
Andhra Polytechnic, Kakinada
1st Year: 856 / 1000 · 2nd Year 3rd Sem: 773 / 900 · 2nd Year 4th Sem: 820 / 900

10th Class (SSC)
Sree Vignan School, Chodavaram
566 / 600

INDUSTRIAL TRAINING

National Informatics Centre (NIC), Kakinada 15 May 2026 – 20 November 2026
Third-year industrial training as part of the Diploma in Computer Engineering.

PROJECTS

THE SYSTEM — Java / Spring Boot application.
Java 21, Spring Boot 3.4.5, Gradle (Kotlin DSL), PostgreSQL, Flyway, MapStruct, Lombok, Testcontainers.

LifeTrace — Local-first Android application concept: personal records kept on-device, with manual local-network (LAN) synchronisation.

SKILLTRACE (concept / planned) — Team techfest concept for tracking industrial-training proof and progress: user roles and login, logbooks, verification, competency tracking, faculty dashboard, and reports.

Building Calculations — Web project. github.com/nagachaitanyaappana/building_calcs

SKILLS

Languages & Frameworks: C, Java, Spring Boot
Web: JavaScript, HTML5, CSS3, SQL
Databases: PostgreSQL
Tools & Platforms: Git, GitHub, VS Code, Linux (Fedora, Deepin), Windows
Areas of Interest: Backend development, database-backed applications, local-first software, automation, computer vision
